

Volume 6, Issue #5

## Spring has Sprung!

### Founders Message:

Growing season has arrived and we encourage you to reach out to us to develop a plan to enhance the curb appeal of your property! Did you know that a well maintained and up to date landscape can increase a property's overall value by 15-20%?

Our [seasonal color gallery](#) is bound to help you decide on a new and exciting enhancement!

We would love to walk your property and learn about your long term goals. For example, you may want to eliminate plant material that has reached maturity and replace it with a colorful native variety or you may want to reduce your landscape water usage. From there we can work together to craft a plan to make it happen! For inspiration, here are a few of the services we can offer:

- **Problem Solving:** Water conservation, safety issues, and enhancing curb appeal

- **Renovations and Updates:** Turf renovations or replacement, synthetic turf, weather based controllers and drip system conversions
- **Extra Maintenance:** Mulch and refreshing mulch, replacement of overgrown/diseased trees and plants, weed abatement, cleaning and clearing leaves and dirt

Say goodbye to winter, and let us brighten up your outdoor spaces with a fresh spring enhancement!

Here's to a fabulous Spring,

**John and Denise Fitzgerald**  
**Landesign C&M, Founders**

### Top 5 Garden Trends:

- **White Gardens** - the clearest color trend focuses on a calming and harmonious appeal, with numerous shades of white garden blooms, creating a clean, fresh, and optimistic look
- **Granny Gardens** - nostalgia plants with soft pink and pale shades from earlier garden eras add an old-fashion touch to a modern garden
- **Fashionable Gardens** - bold colors and unique plants and flower blooms are the latest trend in social media
- **Geometric Gardens** - geometric shapes are a steady trend as we enter Spring, with an expansion into sheared topiaries and garden beds with geometric angles
- **Pet Friendly Gardens** - pet-friendly and pet-safe gardens are becoming more and more popular!
