## Landesign's New CLCA Awards & Smart Irrigation Month

### Founders Message

Things are coming up roses for the team at Landesign after our North Bay based company received five California Landscape Contractors Association Awards. The awards were presented at the 46th CLCA Achievement Awards Banquet in June held at the Flamingo Hotel in Santa Rosa. We are excited to share the news of our **First Place Award**, the Renovation at Rogers & Young!

The company also received the following four 2017 CLCA Awards:

- Award of Recognition for Small

Design Build at Spiers  
Residence

- Award of Recognition for Medium Commercial Installation at Esposti Park Place Apartments
- Award of Recognition for Medium Commercial Maintenance at Quail Run HOA
- Award of Recognition for Large Commercial Maintenance at Viavi Solutions

The CLCA's Program reflects the association's commitment to promoting professionalism within our industry. The program is designed to recognize outstanding performance by the chapter members, foster company pride in superior workmanship, publicize our industry, and encourage business for CLCA contractors and suppliers. Thank you to our valued customers and the CLCA!

Best wishes from our family to yours,

**John and Denise Fitzgerald**  
**Landesign C&M, Founders**

While we did receive a tremendous amount of rain this last Winter and Spring, Cities, Counties, and Water Agencies are encouraging everyone to maintain the 2016 water usage. Landesign specializes

in installing drought-resistant landscape designs, smart controllers, irrigation monitoring and more!

Efficient irrigation systems will save you money and time, while keeping your landscape healthy and thriving. [Contact us](#) to discuss irrigation options for your property!
