Celebrating Summer!

Founders Message:

What a busy time of the year - we hope everyone is enjoying the summer weather in their beautiful, well-groomed gardens and green spaces.

We are happy to share the results of the CLCA Awards that were held in June. The California Landscape Contractors Association designed these awards to recognize outstanding performance, and we are excited to feature our five winners in this newsletter. Scroll down and take a peak!

Enjoy the beautiful weather and take time to smell the flowers!

Sincerely,

John and Denise Fitzgerald

The program is designed to recognize outstanding performance by the chapter members, foster company pride in superior workmanship, publicize our industry, and encourage business for CLCA contractors and suppliers.

The Meaning Behind Colors

There is nothing like color in the right places to make your property stand out from the rest! With plenty of time in the season to add color to your property, let's address how to best catch peoples' attention:

Purple: a dramatic and luxurious color to tie into landscape design, that may be warm or cool depending on its surrounding colors
Yellow: an optimistic color bringing happiness to the garden when used in small

quantities
White: a fresh and clean color that creates a bright appearance in landscapes
Orange: conveys happiness and creates a friendly atmosphere while bringing attention to areas where planted
Green: creates a restful landscape that conveys reassurance and safety, bringing calm spaces into the landscaping
Red: excellent for drawing attention to focal points on your property
Blue: a cool and calming color that works best when paired with purple and yellow blossoms
