NOVEMBER 2017

Founders' Message

Happy Thanksgiving from our Landesign family! As we count our blessings this Thanksgiving Day, know that you are among them. Clients like you have made our business what it is - and for that we are extremely grateful. Our company would not be the success that it is without your continued business and support. Wishing you and your family and friends a very Happy Thanksgiving!

In this month's newsletter, we're giving a special thanks to our loyal employees, spotlighting an exciting new project, and sharing with you a few of our maintenance priorities we are focusing on for your landscaping this November. We hope you enjoy!

Sincerely,

John and Denise Fitzgerald
Landesign C&M, Founders

Our Company Barbeque

Landesign's annual company and family barbeque was accompanied by great weather and an even better turn out. It's big events like this one that truly show how much we have grown. Our annual celebration for employees and their families was held at Santa Rosa's Galvin Park with delicious food catered by Los Tres Chiles. We even had a bouncy house for the kids, a volleyball game and piñatas. Our celebration also gave us a moment to recognize individual employees for their service to the company. Thank you Landesign employees for another great year!

Congratulations!

In the spirit of celebration, we would like to recognize a few of our highly-valued team members who reached some major milestones this year. Thank you for your helping hand in contributing to Landesign's growth and success!

- Bob Drews
- Elmer Diaz
- Nicolas Domingo

November Priorities

In our ongoing efforts to bring you the most important information on landscaping year-round, here are a few of things that we are focusing on this month in order to prepare for the colder weather ahead:

- Leaf Removal
- Annual Flower Rotation
- Pre-emergent Weed Control
- Fertilization
- Irrigation Shut-Off

Our team of landscape professionals is here to help, so if you'd like to schedule any of these services or discuss the options for your property, [contact us](#).

Project Spotlight: Blue Wave Car Wash

Here at Landesign, we are truly proud of the work that we do. That's why we are so excited to welcome a new client and one of latest construction projects, Blue Wave Car Wash, which is located in San Rafael on the corner of Francisco Blvd E. and Bellam Blvd.

Blue Wave Car Wash has a state of the art system, which uses less water per wash and recycles the water it does use. The landscaping includes many natives and low water use ornamentals, as well as a smart irrigation controller with solar sync rain sensors and bio-swales to collect and retain rainfall on site so it can filter through to the water table.

The Landscape Architect for this project was Brian Powell & Associates and the General Contractor was McDevitt Construction.

We hope that you've enjoyed this month's newsletter! Please let us know if there is anything you'd like to see in future newsletters by replying to this email or contacting us [here](#) – we look forward to hearing from you!
